SILENT MONO JACK PLUG, 6.35MM TS

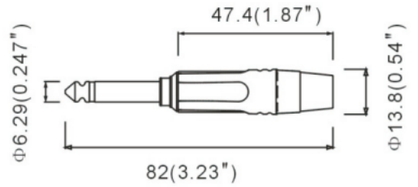

1. Mono TS 6.35mm structure, standard instrument connector for guitar, bass and mono audio gear
2. Built-in mechanical mute contact, auto mute while plugging/unplugging, prevents pop noise and protects speakers & amplifiers
3. Gold-plated contacts, low impedance & anti-oxidation for stable signal transmission and less loss
4. Robust metal housing, pull & bend resistant, perfect for frequent plugging in band rehearsals and live stages
5. Solder cup terminals, easy cable soldering for custom instrument cords
